Abandoned Mine Reclamation
3 Triad Center
Salt Lake City, Utah 84108-1203

October 8, 1993

Gentlemen:

I am concerned about the remediation and reclamation of old abandoned Uranium-Vanadium Mines in Lisbon Valley, Temple Mountains, San Rafael Swell and Moab Valley areas of Utah as I am planning on retiring in the area. What obligations do the past owners have and what obligations do existing corporations have with regard to remediation of their former properties. Lastly what will ultimately be done to return these affected properties to their former conditions and who will fund these projects.

Sincerely,
D. L. Sparks
42 Hale Ct.
Glendale Heights, Ill. 60139
